Harare

Dear sir/madam.

REF: MEDIABOX ADVERTISING AND MARKETING PLATFORM.

We would like to take this opportunity to introduce our company. We are Mediabox Advertising Pvt Ltd, a private company in Zimbabwe. We provide advert placement services via our online platform (<http://www.adspaces.co.zw>).

Mediabox Adspaces is an online based platform that enables you to automate your advertisement booking and placement process. Using our platform you can place your advertisements with any of the existing media houses with no extra charges incurred on your part.

With Mediabox there is no need to visit the publishers' offices or send inquiry emails, all the information you need to make sound advertising decisions will be available for your consumption for free and the advertisement process is only reduced to a few clicks away.

We believe that this product will fit within your organization's portfolio to grow your business locally and globally as well as in providing you convenience in terms of ad placement. It is in this regard that we request for 10 -15 minutes of your time to come and do a presentation to you and your team about our product.

Thank you very much, and we hope to receive your favourable response

Sincerely,

Simbarashe Mukorera
(Founder and CEO of Mediabox)
